

# Payment Policy

The funeral industry is regulated by the Federal Trade Commission and requires us to provide a General Price List for goods and services and therefore we adhere to that price list and DO NOT dicker on our pricing.

All contracted funeral services require 50% payment of total at time of arrangements. We are more than happy to work with any family that we serve to accommodate any family hardships or special needs but we will also work within the standards set by Funeral Alternatives Management.

The total balance of the Statement of Funeral Goods and Services MUST be paid in full at the time of the return of cremated remains or prior to any services being conducted by Funeral Alternatives.

Respectfully,  
The staff of Funeral Alternatives
